**Subject:** SB 40

Dear Senator Woodby,

I just received a email from the Ruffed Grouse Society that SB 40 could have a negative impact on the access, management, and purchase of additional public land if passed.

As an avid hunter and user of public lands in Michigan I wanted to express my concern about passing such a bill. I not only hunt such public land but often I am accompanied on such hunts with friends from out of state. I also fish, morel hunt and hike on our public lands. Such activity contributes not only for our enjoyment but also to Michigan's economy.

Please do not jeopardize the reasons many outdoor enthusiast hunt and play in Michigan.

Regards,

Ben Pinti  
Ann Arbor, MI
